14:32									
	It has been noted in recent competitions that a number of members are not bothering to enter scores in the computer (or by using the app on a phone). Unless the computer is unavailable, scores should be entered or a note put on your scorecard explaining why not. Collating up to 150 cards is hard enough without trying to find cards to enter scores because some members couldn't be bothered. This situation is being monitored.
